

## LIFE MEMBERS

Inaugural presentation of Honorary life Membership to Andrew Marks and Heather Daldry.

Andrew and Heather were recognised for 25 years of outstanding contribution to the West Gippsland competition in Drouin at a presentation dinner in 2007. Both have encouraged and supported new players, particularly from Warragul and Drouin Regional Colleges, have served on committee and represented the Association at regional competitions – and they continue to play. Volleyball in West Gippsland owes much to the commitment and passion of these members.

At the 2008 AGM nominee Ken Thomas was unanimously awarded life membership after a 22-year involvement with the West Gippsland Volleyball Association. He has served the association well in many ways since 1986 both as a player and committee member; including the role of secretary in the early nineties. He has represented West Gippsland several times and has always demonstrated great sportsmanship and enthusiasm for the game. Well done Ken!

Tim White and Daniel Hatch and were unanimously awarded life membership at the 2011 AGM. They were presented with their awards at a dinner on 7th December 2011. Through their effort on committee, at times when committee numbers have been small, both Tim and Daniel have been instrumental in ensuring the ongoing success of the West Gippsland Volleyball Association. As players they are competitive and skilled, having been a part of many successful teams. Congratulations Daniel and Tim.
